SIT FURNITURE DESIGN AWARD 2022 IS NOW WELCOMING SUBMISSIONS FROM ALL AROUND THE WORLD!

The **2022 SIT Furniture Design Award** is now accepting entries into its two major categories, Furniture Design and Interior Design. It welcomes submissions from professional, emerging designers and students until the **28th of February 2023**, the program promises to attract entries from some of the most forward creative furniture firms, manufacturers, distributors and independent designers from all around the world!

The SIT Furniture Design Award™ was created as a way to celebrate and share the remarkable work of furniture designers and those who use furniture in their projects. Creativity, innovative vision, and accessibility in the furniture design community deserve to be applauded and shared widely, across the world.

Looking at challenges and seeking ways to overcome them are central to furniture design. For this reason, the SIT Furniture Design Award has created an Innovation Center, the winner of which will receive a cash prize of CHF 3'000 to create a prototype or to start production. Each year, a different topic will be chosen, focusing on projects which highlight invention, closely examine today's challenges, and find ways to overcome them.
